

Policy Document 01 – Our Aims

01	To provide a stimulating environment that allows children to thrive, learn & develop through self-discovery & play.
02	To ensure children are safe at all times.
03	To work in partnership with parents & carers in the education of their children.
04	Always strive to maximise a child’s individual social, emotional, intellectual & physical development, helping them to prepare for a successful integration into primary education.
05	Provide equal opportunities for all children, regardless of their sex, race, religion, ability or social background.
06	Help children develop their language, reading, communication, number & scientific skills.
07	Promote awareness of the environment & the needs of other people throughout the world.
08	Positively contribute to every child leading a happy, healthy, positive & successful life.
09	Always set a good example & act as positive role models.
10	Regularly review & adapt our practice to meet the diverse needs of children & young people.
11	Promote a healthy family lifestyle with an emphasis on nutritious food provision that complies with any dietary or religious requirements.
12	Meet the National Standards as required by Ofsted.
